Cambridge courses are offered in the morning timetable

- Cambridge Foundation aims to prepare students for the challenges of our Cambridge FCE Preparation course. Often students at this level lack writing experience or knowledge of collocations, fixed expressions and more sophisticated vocabulary. Likewise, they have learnt complex grammar structures but have only been assessed with simple gap fill exercises.
  - Cambridge Foundation aims to increase their knowledge in these areas so they have a much stronger base before moving onto the more exam based tasks of an FCE course.
- 
- Formative-assessment driven so students consistently receive feedback
  - Supportive class environment with classmates from around the globe
  - Experienced and highly qualified teachers
  - 5 week enrolment (Min 5 weeks)
  - Offered at Upper Intermediate level

- Cambridge certificates are valid for life and recognised by more than 11,000 employers, universities and government bodies worldwide.
- Gain real-life language skills in all areas of English language
- Study hard and gain solid knowledge of grammar and vocabulary
- Textbook, novels and an abundance of additional materials are used throughout the course
- Range of practice tests and complete mock examinations under test conditions
- Experienced and highly qualified teachers
- Supportive class environment with classmates from around the globe
- Discover English is an experienced Cambridge provider – we know what you need to be successful

"During the course, I realised that I was being really prepared for the test and that I was learning new language skills that I didn't have before, such as more advanced vocabulary, idioms, and complex grammatical structures which definitely makes it challenging but totally useful. This course, is definitely for those who look for reaching the level required to grow professionally or to settle down in an English-speaking country"
